

Steele Pop Expo Cosplay Prop Rules:

- Real weapons, of any kind, will not be permitted on library property.
- Projectile costume props and items such as squirt guns, ping pong pistols, Nerf guns, and silly string pistols must be inoperable.
- Functional (real) arrows must have the tips removed and be attached to a quiver.
- Metal props are not allowed.
- Wooden props such as baseball bats, clubs, and similar are not allowed.

All props deemed appropriate will have a zip tie to mark them safe and checked. Please keep this on during your stay at the Expo. Anyone with a prop that doesn't have a zip tie on it will be escorted to the prop table for prop inspection.

All props not deemed appropriate will be held up front until you are ready to leave, or you can take them back to your vehicle before entering the library.

Chemung County Library District has the right to confiscate any props that are used inappropriately; the wielders of said props may be asked to leave.
